

TAPESTRY EON QUICK START GUIDE

(Updated 10/2026)

NOTE: This tip sheet provides a summary of the basics of searching in Tapestry Eon. To view a detailed description of all the functions of Tapestry Eon, see the full “Tapestry Eon User Guide” located at the bottom of the Fidlar Technologies Tapestry webpage found at: <https://www.fidlar.com/Tapestry.aspx>.

OPENING TAPESTRY EON, SELECTING A COUNTY, COUNTY MESSAGES

1. Open your internet browser and go to www.landrecords.com. The home screen shown below will display.

2. Click the **SEARCH NOW** button to open the **Select County** window.

3. Scroll to the county in which you wish to search then click the county name. You can also enter the county name in the **Filter** field to easily locate the county.
4. Read the **User agreement** message that displays then click the **Agree** box at the bottom of the message box. The selected county's **Search** page, similar to the screen shown on the next page, will open.

NOTE: See the full Tapestry Eon User Guide for a description of each of the sections in the left sidebar of the **Search** screen.

PARTY SEARCH AND PAYMENT WITH CREDIT CARD (WITHOUT A TAPESTRY EON ACCOUNT)

NOTE: If you would like to set up a Tapestry Eon account so you do not need to enter your credit card information for each Eon search session, see page 18 of the full “Tapestry Eon User Guide” located at the bottom of the Fidar Technologies Tapestry webpage (<https://www.fidar.com/Tapestry.aspx>) for information on setting up a Tapestry Eon account.

1. To search by party name, enter the last name or business name in the **Last/Business name** field. Enter the first name or a portion of the first name in the **First name** field.
2. Click the **Search** button (CTRL + K) located above the party name fields to return matching search results. The **Results summary** screen shown on the next page will display.

a. The number of search results available displays at the bottom of this screen. Eon allows for a maximum of 300 search results to display for any search. If the available results exceed 300, the most recent 300 results will display if you continue the search. You can return to the search criteria screen to add additional criteria to potentially narrow your search to fewer results.

b. Click the **Back to search** button in the upper left corner of the screen to return to the search criteria section of Eon.

3. To proceed with your search, click the **Pay by credit card** option (identified by the green arrow in the image on the left). The screen shown below will display.

4. Enter the appropriate information in each of the fields of the **Add funds** screen then click the **Submit** button at the bottom of the screen.

5. If your credit card is approved, a brief confirmation message will display on the screen then the bottom of the **Results summary** screen will display the **Continue** option.

6. Click **Continue** to display another confirmation message then click the **Accept** button in this message box to display the search results.

EON SEARCH RESULTS: VIEWING IMAGES, INDEX DATA, PRINTING IMAGES

- When the **Continue** button is clicked in the "...Result(s) Available" message box, the search results will display in a screen similar to the following.

the image and index data for the selected document.

a. To print the image from this screen, click the **Download PDF** bar below the image to display the print dialogue box.

b. Select the pages you wish to print then click the **Accept** button in the print dialogue box. A PDF of the image will be created and downloaded in your web browser.

c. Click the downloaded PDF of the image to view the image then utilize the browser's print settings to print the image. You can also save the image as a PDF on your computer.

- To view the image full-screen, click on the image. To print the image from this full-screen view, click the **Download PDF** button that displays in the upper left corner above the image.
 - To return to the image/index data screen from the full-screen image view, click the **X** in the upper right corner of the image.
- To return to the search results from the Image/Index screen, click the **Back to results** button in the upper left corner above the image.
- From the search results screen, click the **Back to search** button in the upper left corner above the search results to return to the search criteria screen.

DOCUMENT NUMBER, RECORDING DATE, BOOK-PAGE SEARCH

Document	
Document number	Document type
Enter document number	Select document type
Start date	End date
Enter start date	Enter end date
Book/Liber *	Page
Enter book/liber	Enter page

- DOCUMENT NUMBER:** To search by a single document number, enter the document number in the **Document number** field then click the **Search** button at the top of the screen.
- DOCUMENT TYPE:** To narrow your search to a particular document type, click in the **Document type** field to display a list of available document types then click the desired document type.
- RECORDING DATE:** To select a recording date range for your search, you can either manually type the starting recording date and ending recording date in the **Start date** and **End date** fields (format: MM/DD/YYYY) or you can click the calendar icon in each field then click the desired dates in the calendar that displays.
- BOOK (LIBER) / PAGE:** To search by a Book (Liber) and Page value, enter the book number in the **Book/Liber** field and the page number in the **Page** field.

Additional options			
Choose one (1) of the additional options shown below			
Subdivision	Parcel	Tract	
Subdivision *			
Select a subdivision			
Lot	Block	Outlot	
Enter lot	Enter block	Enter outlot	

ADDITIONAL OPTIONS (SUBDIVISION, PARCEL #, TRACT, CERTIFIED SURVEY MAP)

NOTE: You can enter criteria in multiple fields (such as a party name, date range, and subdivision value) for any given search in Tapestry Eon.

- SUBDIVISION:** To search by Subdivision name and Lot, Block, and/or Outlot value(s), click the **Subdivision** option in the **Additional options** section.

- a. Click in the **Subdivision** field to display a list of available subdivision names.

A screenshot of a web form showing a dropdown menu for 'Subdivision *'. The menu is open, displaying a list of subdivision names: 'john', 'ALLEN JOHNSON & WILSONS SUB', 'ALLEN JOHNSON AND WILSONS SUB', and 'BAILEYS JOHN STRANGE SURVEY'. A mouse cursor is pointing at the 'john' option.

- b. Select the desired subdivision name.
- c. If you wish to narrow your search to a particular **Lot**, **Block**, and/or **Outlot** value, enter those values in the appropriate field(s).
- d. Click the **Search** button at the top of the Eon criteria screen.

2. **PARCEL #**: To search for a particular parcel number, click the **Parcel #** option in the **Additional options** section to open the field shown below.

A screenshot of a web form showing the 'Parcel #' tab selected. Below the tab, there is a text input field labeled 'Parcel number *' with the placeholder text 'Enter parcel number'. A mouse cursor is hovering over the input field.

- a. Enter the parcel number in the **Parcel number** field then click the **Search** button at the top of the Eon criteria screen. [Enter the parcel number in the format in which the county indexes the numbers (with the appropriate punctuation)].

3. **TRACT**: To search for a particular tract (unplatted land) value, click the **Tract** option in the **Additional options** section to display the field shown below.

A screenshot of a web form showing the 'Tract' tab selected. The form contains several input fields: 'Section *' (text input with placeholder 'Enter section'), 'Township' (text input with placeholder 'Enter township'), 'Range' (text input with placeholder 'Enter range'), 'Quarter' (dropdown menu with placeholder 'Select quarter'), and 'Quarter quarter' (dropdown menu with placeholder 'Select quarter quarter').

- a. Enter the appropriate tract values in the **Section**, **Township**, and **Range** fields.
- b. If you wish to narrow your search to a particular Quarter section and/or Quarter-Quarter section, click in the **Quarter** and/or **Quarter quarter** dropdown fields then select the correct quarter section(s).
- c. When the appropriate tract values have been entered and selected, click the **Search** button at the top of the Eon criteria screen.
4. **CERTIFIED SURVEY MAP (CSM)**: To search by Certified Survey Map and Lot and/or Outlot, click the **Survey map** option in the **Additional options** section to display the field shown below.

A screenshot of a web form showing the 'Survey map' tab selected. The form contains two input fields: 'Survey map *' (dropdown menu with placeholder 'Select survey map') and 'Lot' (text input with placeholder 'Enter lot'). There is also an 'Outlot' text input field with placeholder 'Enter outlot'.

- a. Click in the **Survey map** field to display a list of available CSM names.
- b. Select the desired CSM.

- c. If you wish to narrow your search to a particular **Lot** and/or **Outlot** value, enter those values in the appropriate field(s).
- d. Click the **Search** button at the top of the Eon criteria screen

FEES AND INVOICES

Tapestry Eon will display a running total of the credit card amount balance after each search and/or print is executed. This total will display in the upper right corner of the Eon window.

1. To view the details of the search fees assessed during the search session, click the amount shown in this box. The **Session** summary screen similar to the one shown below will open.

Session

Activity

\$+ Add funds

[View receipt](#)

Funds added	\$50.00
Spent	-\$26.25
Balance	\$23.75

If you exit this application, you will only be charged what you spent

PREAUTH CC

\$50.00

Oct 2, 2026, 9:17:20 AM

\$50.00 x 0.0%

2. To add additional funds to your credit card, click the **\$+ Add funds** button.

3. You can also add additional funds by clicking the **Add funds \$+** button in the upper right corner of the Eon window.

4. Click the **View receipt** option in the **Session** screen to view a receipt of Eon transactions for the current session.

SETTING UP A TAPESTRY EON ACCOUNT

If you plan to search in Tapestry Eon regularly, you can set up an account by entering your credit card information and preauthorizing a minimum of \$50 on the card. This option provides the benefit of not having to enter your credit card information for each Eon search session; you can simply log in to Eon for each session.

To view a detailed description of setting up an Eon account, see the full "Tapestry Eon User Guide" located at the bottom of the Fidlar Technologies Tapestry webpage found at: <https://www.fidlar.com/Tapestry.aspx>.
